## MARTAK shell separators

Martak shell separators have been leading brand in air shell separation for the shrimp industry for years.

**Martak launches NEW generation of shell separators.** The redesigned structure and efficiency has been dramatically improved. The result is more efficient air flow in the separation area, more electricity efficient and easier to clean. Another benefit of the new design is reduced floor space required. All shell separators from Martak are fitted with variable speed control for fan and conveyor, air lifted hood for easy cleaning.

Martak air separators are up to 50% more efficient than other brands on the market. No matter if you need to clean out shrimp heads or shell we clean it.

- No pre drying of the shrimp needed
- More efficient boost air flow
- Electricity savings
- Easy clean
- Easy operate
- Reduced floor space
- Low maintenance cost

Separators: VB-1600 VB-1200 VB-714 VB-743

Length:	4950 mm	6850 mm	4450 mm	3900 mm
Width:	2120 mm	1855 mm	1265 mm	1200 mm
Height:	3350 mm	3450 mm	3000 mm	2950 mm

Connections:

Power: 230/400/575/600 volt  
50/60 Hz.

Technical details:

Motor: 22 kW / 11 kW / 0,75 kW / 0,75 kW  
Material: Stainless steel/Aisi 304  
Finish: Glass blasted
